

Dear Catholic Charities Supporter,

Thank you for contacting us regarding the Catholic Charities of Denver Vehicle Donation Program. The money raised from donated vehicles will help fund programs in our many social service areas, including Homelessness, Family Services, Emergency Assistance, and more. Proceeds from donated vehicles help thousands of individuals annually, regardless of their faith.

Not only will you be helping your community, but your donation will also allow you to take a charitable contribution on your itemized Federal tax return. Due to tax law changes, the amount of your contribution is tied directly to the amount received from the sale or use of your vehicle. This is a program which benefits all concerned.

Attached is the vehicle donation paperwork. We are working with Cars For Charity and additional information and an online form are available from their website at

www.carsforcharity.net

If you need further information, you can call Cars For Charity at 303-853-4483 or feel free to write or call me at 720-377-1373.

Automotively,

Dan Griebenaw
Vehicle Donation Coordinator

Providing Help...Creating Hope
